

02 May 2010

Dear,

The VET CLUB dairy team would like to invite you to an

InCalf “My Herd’s Fertility” discussion session

On Tuesday evening, 11th May.

Chris Burke, one of DairyNZ’s leading reproductive researchers, Mike Beavon from The Vet Club and Kim Sullivan from VETPlus, will present this evening.

We have included a flier with this letter to help explain what this free session is about and what it offers you. Please read the flier for details on when and where this session will be held and what you need to bring.

The session is intended for the decision makers on your farm. We would therefore appreciate if only one or two key persons from your business were to attend.

If you would like to come along, please fill out the **RSVP** section below and post or fax it to: 07 3338080 **by Monday 3rd May.**

We hope to see you there.

Kind regards,

Mark Anderson & Mike Beavon
Veterinarians and InCalf Trainers/Facilitators, The VET CLUB

Tear-off here -----

RSVP for InCalf “My Herd’s Fertility” discussion session

(Attendee’s name here)..... is able / unable (please circle) to attend the InCalf “My Herd’s Fertility” discussion session.
